Spotlight On ...

What is a community foundation & what does it do?

Community foundations are community-specific, public-supported, independent, nonprofit, tax-exempt philanthropic organizations. They provide a vehicle of giving that enables individuals, families, and businesses to make a real and lasting impact on their community's well being. Several hundred communities throughout the United States have a community foundation.

When you join the Colonial Beach Community Foundation, your annual membership dues are pooled with other members' dues to support charitable causes in and around Colonial Beach. You will become an integral part of a larger whole. Dues, donations, and contributions of gifts, time, and talent support such causes as the Torrey Smith Recreation Park, student scholarships, 4H Junior Camp financial assistance, and charitable grants.

TOGETHER
WE CAN ACHIEVE MORE

Beach Arts Music Mentoring (BAMM)

Founded in 2017, BAMM's goal is to enhance the learning experience of Colonial Beach's youth. BAMM accomplishes its goal by encouraging the creative arts, mentoring students, and sponsoring after-

school and community activities that contribute to the overall well-being of our youth.

You probably have seen BAMM at events around the area. Depending on the season, they have offered face, rock, birdhouse, flowerpot, sand dollar, and notebook painting. They have led other creative activities, such as creating and painting a cardboard-box town; and contributing to community paintings, where anyone who wants to paints a section of a larger painting.

BAMM provides funds to both Colonial Beach High School (CBHS) and Colonial Beach Elementary School (CBES) to use at their discretion for the benefit of teachers and students. BAMM volunteers organize and present after-school programs. Students in such programs have learned:

- The history and legend of Jack-o-Lanterns and then painted small pumpkins to take home.
- How snowflakes form patterns and then made snowflake ornaments.
- How to develop cartoons and then created their own original four-panel cartoons.
- How to make paper airplanes and what makes them fly farther.
- Yoga for both exercise and relaxation.

BAMM also sponsors publication of sports programs; and supports the CBHS Drama Club and newly formed Music Club with both funds and mentors. In addition, BAMM donated \$2,000 toward development of the Torrey Smith Recreation Park, and worked closely with Coach Swope to plan and promote this past winter's dinner/dance fundraiser for the park. Those are just a few examples of what BAMM has done.

Every year, BAMM hosts a concert to raise money to fund their activities and programs. The first two concerts in 2017 and 2018 raised a combined total of \$12,500 -- an amazing achievement for a new organization. The third annual concert is May 25th. Student musicians and singers will perform and beach-themed mailboxes painted by students will be available for auction and raffle. Proceeds benefit community kids.
